Need to use a proper script for Samskritam

Even though Bhagavan understands all languages, the power of our Bharatiya languages cannot be matched in expressing our cultural values especially when rising to the plane of conversing with Bhagavan. Of them, the Samskrita bhasha is special in that it is pan-Bharatiya. Hence our scriptures, anushthana paddhati-s and a lot of bhakti sahitya texts are in Samskrita only.

We know that in Samskritam, especially for anushthanam, sound/pronunciation is important. Therefore one should write and read sankalpa shloka-s etc for anushthanam in an appropriate script which is capable of distinguishing all the sounds of Samskritam.

Now the Latin (English) script was evolved for other languages, and we all know the difficulty of correlating spelling and pronunciation even in English. Further, more letters are required to write Samskritam than English as there are more sounds in it. However, since Latin script is widely known, scholars felt it useful to create a Latin-based transliteration system for Samskritam.

In such a system, Latin letters which may be casually applied to different sounds need to be differentiated. For instance in Rama the first or second "a" may denote a long sound. This is differentiated as Rāma or Ramā. Similarly, other marks called diacritics are used to differentiate sounds as in aā iī uū rṛṝ lḷḹ mṃ hḥ nṅñṇ tṭ dḍ sśṣ. Aspirated (mahāprāna) sounds are denoted with an additional h as in k/kh, g/gh, c/ch, j/jh, ṭ/ṭh, ḍ/ḍh, t/th, d/dh, p/ph, b/bh.

However, a system is useful only if followed correctly. If diacritics or added h-s are ignored and we do not read with the intended pronunciation, then the transliteration is no longer useful for its intended purpose. It is very easy to ignore diacritics as they are not in daily use. It would then have altogether been better to use a script which actually has different symbols for the sounds.

Therefore **it is strongly recommended to learn a Bharatiya script** like Devanagari, Grantha, Telugu, Kannada etc **which has clearly different letters to denote the various sounds**. Our documents are published in many such scripts.

However, with a view to help people who are not able to immediately learn such scripts, we are now publishing documents in Latin transliteration as well as per the system called International Alphabet of Sanskrit Transliteration (IAST). For the above reasons, people should use these as a temporary measure till they learn a Bharatiya script.

The Samskrita varnamala in IAST is given below with Devanagari equivalents:

a अ, ā आ, i इ, ī ई, u उ, ū ऊ, ṛ ऋ, ṝ ॠ, ḷ ऌ, ḹ ॡ

e ए, ai ऐ, o ओ, au औ, aṃ अं, aḥ अः

ka क, kha ख, ga ग, gha घ, ṇa ङ

ca च, cha छ, ja ज, jha झ, ña ञ

ṭa ट, ṭha ठ, ḍa ड, ḍha ढ, ṇa ण

ta त, tha थ, da द, dha ध, na न

pa प, pha फ, ba ब, bha भ, ma म

ya य, ra र, la ल, va व, śa श, ṣa ष, sa स, ha ह

(26.3.2026)

As per the saying "rāmo vigrahavān dharmaḥ" Bhagavan Shri Rama was the embodiment of our Sanatana Dharma.

Indeed, as a grand manifestation of the resurgence of our Sanatana Dharma, the prana pratishtha at the Rama Janma Bhumi at Ayodhya recently took place.

Rama permeates our Bharatiya tradition. Every year devotees all around observe Rama Navami with great fervour.

This simple puja paddhati is published to help devotees to worship Bhagavan Shri Rama in their individual places on this auspicious occasion.

It is based on Rama Bhakti Kalpa Lata published in Kalyabda 5026 (1924) by Valangaiman Subrahmanya Shastrigal, with some parts supplemented from Rama Navami Puja of Vrata Raja published by Khemraj Krishnadas, Mumbai in Kalyabda 5085 (1984).
