

## Need to use a proper script for Samskritam

Even though Bhagavan understands all languages, the power of our Bharatiya languages cannot be matched in expressing our cultural values especially when rising to the plane of conversing with Bhagavan. Of them, the Samskrita bhasha is special in that it is pan-Bharatiya. Hence **our scriptures, anushtana paddhati-s and a lot of bhakti sahitya texts are in Samskrita only.**

We know that in Samskritam, especially for **anushtanam**, **sound/pronunciation** is important. Therefore one should **write and read sankalpa shloka-s** etc for anushtanam in an appropriate script which is capable of distinguishing all the sounds of Samskritam.

Now the Latin (English) script was evolved for other languages, and we all know the difficulty of correlating spelling and pronunciation even in English. Further, **more letters are required to write Samskritam** than English as there are more sounds in it. However, since Latin script is widely known, scholars felt it useful to create a **Latin-based transliteration system for Samskritam.**

In such a system, Latin letters which may be casually applied to different sounds need to be **differentiated**. For instance in Rama the first or second “a” may denote a long sound. This is differentiated as Rāma or Ramā. Similarly, other marks called diacritics are used to differentiate sounds as in āā īī ūū ṛṛ ḷḷ ṁṁ ḥḥ ṇṇ ṭṭ ḍḍ ṣṣ. Aspirated (mahāprāna) sounds are denoted with an additional h as in k/kh, g/gh, c/ch, j/jh, ṭ/ṭh, ḍ/ḍh, t/th, d/dh, p/ph, b/bh.

However, a system is useful only if followed correctly. **If diacritics or added h-s are ignored and we do not read with the intended pronunciation, then the transliteration is no longer useful for its intended purpose.** It is very easy to ignore diacritics as they are not in daily use. It would then have altogether been better to use a script which actually has different symbols for the sounds.

Therefore **it is strongly recommended to learn a Bharatiya script** like Devanagari, Grantha, Telugu, Kannada etc **which has clearly different letters to denote the various sounds.** Our documents are published in many such scripts.

However, with a view to help people who are not able to immediately learn such scripts, we are now publishing documents in Latin transliteration as well as per the system called International Alphabet of Sanskrit Transliteration (IAST). For the above reasons, people should use these as a temporary measure till they learn a Bharatiya script.

The Samskrita varnamala in IAST is given below with Devanagari equivalents:

a अ, ā आ, i इ, ī ई, u उ, ū ऊ, ṛ ॠ, ̄ ॡ, ḷ ॢ, ḹ ॣ

e ए, ai ऐ, o ओ, au औ, am अं, aḥ अः

ka क, kha ख, ga ग, gha घ, ṇa ङ

ca च, cha छ, ja ज, jha झ, ña ञ

ṭa ट, ṭha ठ, ḍa ड, ḍha ढ, ṇa ण

ta त, tha थ, da द, dha ध, na न

pa प, pha फ, ba ब, bha भ, ma म

is one. Surya Upasana is also part of the Panchayatana Puja as it is said  
आदित्यम् अम्बिकां विष्णुं गणनाथं महेश्वरम्.

The worship of Surya Bhagavan is capable of giving good health and longevity, aishvaryam (such as good position), wealth, progeny, clarity of intellect and wisdom. As per the words of Mahakavi Kalidasa, शरीरम् आद्यं खलु धर्मसाधनम्, dharma can be followed only if we have good health. All people would have realized that all human achievements come only after health due to the experiences of recent times.

Bhanu Saptami (when saptami comes on a Sunday), Makara Sankra-manam / Pongal and Ratha Saptami are some of the special occasions where we worship Surya Bhagavan.

Likewise, in our Shrimatham, our Shri Kanchi Kamakoti Mulamnaya Sarvajna Pithadipati Shankaracharya Swamigal follows the tradition of offering puja to Surya Bhagavan on Sayana Uttarayana Punya Kalam also. Along with this, Surya Puja is also done on Makara Sankranti as usual.

As per the saying यद्यदाचरति श्रेष्ठः let us follow this anushtanam of our Acharyas and offer worship to Surya Bhagavan on such important days and involve ourselves in dharma karyam and become the worthy recipients of our Acharya's grace.

A laghu puja paddhati is being released for this.

Samba the son of Bhagavan Shri Krishna and Jambavati got afflicted with incurable leprosy. It did not abate even after treatment or prayashchittam. He then prayed to his father Bhagavan Krishna.

To that He said, “There was once a lady who was similarly suffering from leprosy. Great people advised her to undertake tirtha yatra. At the end of the tirtha yatra, an ashariri was heard advising her to do upasana of Surya. As a result, her illness was cured and she lived long for many years and finally reached Surya Loka. Therefore, may you do upasana of Surya.”

Accordingly, Samba worshipped Surya. One day, Bhagavan Surya sent a golden plate inscribed with this stotram and instructed him to recite it. He continuously did Surya Namaskara chanting the same and his disease disappeared in just twelve days.
